Objective

Motivated MCA student with a strong foundation in Computer Science and hands-on experience in full-stack web development. Eager to contribute to innovative development projects and grow as a software developer. Passionate about building scalable web applications, writing clean code, and continuously learning emerging technologies.

Education

MCA Master of Computer Applications, *D. Y. Patil University, Talsande*	2024 – Present
B.Sc. in Computer Science, *D. R. Mane College, Kagal (Shivaji University)*	2021 – 2024

Technical Skills

Frontend
React.js, Next.js, TypeScript, JavaScript, HTML, CSS, Tailwind CSS, DaisyUI

Version Control
Git, GitHub

Backend
Node.js, Express.js, MongoDB, MySQL

Deployment
Render, Vercel

Professional Experience

Full-Stack Developer Intern, *NeoSao Services Pvt. Ltd., Kolhapur* — Present, Kolhapur

- Work on live client applications using the **MERN stack**, along with **Next.js and TypeScript**.
- Build type-safe, scalable frontend components with React and Next.js, improving **page load performance by ~25–30%** through optimised API usage, server-side rendering, and component refactoring.
- Develop and maintain backend services and REST APIs, including authentication, database design, and third-party integrations.
- Collaborate on **Next.js features** such as routing, layouts, and API routes, following clean architecture and maintainable coding practices.

Projects

Chatzy ⬀, *MERN Stack Project*
- Built a real-time chat application with one-to-one messaging, live status, notifications, and secure authentication.
- Implemented **Socket.IO** ⬀ for real-time communication, efficient state management, and a clean, responsive React UI.

DevScreen ⬀, *MERN Stack Project*
- Built a **full-stack online interview platform** with secure authentication and real-time chat.
- Developed scalable APIs, optimised data fetching, automated workflows, and delivered a clean UI for candidates and interviewers.

E-Commerce Store ⬀, *MERN Stack Project*
- Built a **full-stack e-commerce application** with JWT authentication and **Stripe payments**.
- Developed a high-performance React UI (Vite, Tailwind, Framer Motion), implemented scalable APIs, Cloudinary uploads, and admin analytics.

Certifications

MERN Full-Stack Development ⬀
Completed a professional certification in MERN Full-Stack Development, gaining hands-on experience in designing, developing, and deploying dynamic web applications using MongoDB, Express, React, and Node.js.

Strengths

- Quick learner with Good communication and collaboration skills
- Passionate about building modern, user-friendly applications
