PROFESSIONAL SUMMARY

Frontend-focused Full Stack Developer with production experience in React.js and Next.js, and a track record of independently building and shipping complete SaaS applications end-to-end — from database design and authentication to payment integration and email automation. Over a year of production experience with TypeScript, Node.js, and Express.js, working across MongoDB and PostgreSQL, with hands-on AI integration and prompt engineering experience, and regular use of AI coding assistants. Comfortable owning a feature or product from concept through deployment, and quick to pick up new tools and frameworks.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), TypeScript, Tailwind CSS, HTML5, CSS3

Backend & APIs: Node.js, Express.js, RESTful API Design & Integration

Database: MongoDB, PostgreSQL, Prisma / Drizzle ORM, SQL Queries

Auth & State Management: JWT Authentication, OAuth Providers (Clerk, NextAuth), Redux Toolkit, Zustand, TanStack Query

AI & Integration: AI Integration, Prompt Engineering, AI Coding Assistants

Practices & Tools: Git, GitHub, Code Reviews, Debugging, Postman

PROFESSIONAL EXPERIENCE

Frontend Developer Intern — NeoSao Services Pvt. Ltd.

Jul 2025 – Jun 2026 | Kolhapur, India

- Delivered responsive, production-grade client applications using React.js, Next.js, TypeScript, and Tailwind CSS across 15+ client-facing projects.
- Developed and maintained reusable React/Next.js component libraries, reducing duplicate UI code and speeding up feature delivery.
- Integrated RESTful APIs and third-party services end-to-end, connecting frontend interfaces to backend systems and handling 30+ distinct data workflows (orders, auth, admin CRUD, vendor management).
- Implemented Server-Side Rendering (SSR) patterns and optimized frontend performance, improving page load behavior and SEO-readiness for client applications.
- Collaborated within an Agile development team, participating in code reviews and Git-based version control workflows for cross-functional, production-ready feature delivery.

PROJECTS

FlowForge — Workflow Automation Platform | Next.js 16, React 19, TypeScript, React Flow, Drizzle ORM, PostgreSQL

- Built a production-grade workflow automation SaaS platform with a drag-and-drop, node-based workflow editor powered by React Flow, including advanced Loop/Iterator nodes for batch processing over arrays with safe loop controls.
- Implemented real-time multiplayer collaboration with live cursors using Liveblocks, and durable background workflow execution via Trigger.dev.
- Architected a type-safe data layer using Drizzle ORM and Neon PostgreSQL, with Clerk-based organization authentication and subscription-based feature gating.

InvoicePilot — Invoice Management Platform | Next.js, TypeScript, Node.js/Prisma, PostgreSQL, NextAuth, Recharts

- Built a full-stack invoice management platform handling the end-to-end invoice lifecycle (create, edit, mark-as-paid, delete) using Next.js API routes with PostgreSQL and Prisma ORM.
- Engineered magic-link authentication via NextAuth, eliminating password-based login friction, and built dashboard analytics with Recharts-based revenue visualization.
- Automated server-side PDF invoice generation with jsPDF and transactional email delivery via Nodemailer, reducing manual invoice-sharing steps from 3 to 1.

QuickBite — Multi-Role Food Ordering & Delivery Platform | React, Node.js, Express.js, MongoDB, Socket.IO, Redux Toolkit

- Built a production-style multi-role platform (User, Shop Owner, Delivery Partner) with a modular MVC backend using Node.js, Express.js, and MongoDB.
- Implemented real-time order tracking (Pending → Preparing → Out for Delivery → Delivered) using Socket.IO, with Redux Toolkit managing persisted cart and session state.
- Integrated Razorpay payments with signature verification and geo-based shop discovery using MongoDB 2dsphere indexing.

EDUCATION

D. Y. Patil University, Talsande — Master of Computer Applications (MCA)

2024 – 2026 | CGPA: 8.5

D. R. Mane College, Kagal (Shivaji University) — B.Sc. Computer Science

2021 – 2024 | CGPA: 7.9

CERTIFICATIONS

- Full-Stack Developer Certificate — 30dc.graphy.com
- JavaScript and React JS Certificate — 30dc.graphy.com
